COUNCIL DISPOSES OF MUCH CITY BUSINESS

Will Compell Sounthern Pacific to Limit Speed of Trains In City Limits.

WILL TEST NEW PAVEMENT

Redwood City Woman's Club Will Erect Mission Bell---Will Ask for Permit to Build Bridge.

By dint of hard work and the holding of frequent meetings, the Trustees have managed to clean up the list of business pending before the Council, and as a result the regular meeting Monday evening was an unusually short one. At the adjourned meeting, on the 17th, the Trustees present were Brown, Rice and Merrill, and the same three constituted the working force of the Board Monday evening.

A petiton was presented from the Redwood City Woman's Club asking for permission to erect a Mission Bell at the intersection of El Camino Real (the County Road) and Broadway. The desired permit was granted.

Chairman Merrill again brought up the question of the opening of Chestnut street through the Frank Tannery property. While he considered the proposal to exchange Steinberger street for the needed right of way was an advantageous one for the city, and felt that the matter should be settled as quickly as possible, he considered that the people should be given opportunity to express their desires. To facilitate the legal proceedings the finance committee was instructed to secure abstracts of the City and County records, especially with reference to the dedication of Steinberger street. It is probable that the question will be disposed of at the next meeting.

Resolutions were adopted instructing the Clerk to make the usual publication of notice of intention for the improvement of streets in districts 13 and 14.

An extensive report from Lohman & Co., the electrical engineers, on the proposed fire alarm system was received and referred to the fire department committee.

Chairman Merrill suggested that steps be taken looking to the readoption of a limit to the speed of railroad trains through the city. The occurrence of two fatal accidents, while in neither case chargable to this cause, suggested the necessity for this action. Trustee Rice suggested a limit of 20 miles an hour. This appeared to meet general approval and the City Attorney was instructed to prepare the necessary ordinance.

The Street Superintendent was instructed to remove the brush and obstructions from the waterways along the County road in preparation for the winter rains.

The ordinance urged by the Peninsula Promotion League, designed to prevent ticket scalping, was introduced.

Street Superintendent Dickey was authorized to install temporary culverts with a view to affording relief from the winter flood conditions on Chestnut street.

City Attorney Mansfield was directed to serve notice on the property owners on both sides of Mound street requiring the construction of cement sidewalks.

It was decided to give the sample piece of reinforced concerete paving recently laid on Stafford street, a thorough test, with a view to determining the advisability of its use in future paving work. For this purpose the Street Superintendent was instructed to give it a thorough rolling with the heavy street roller, using obstructions to cause a thorough jolting. After this has been done a section of the pavement will be removed and an excavation made similar to a trench. This will be refilled and the removed section replaced. During all these operations the condition of the pavement and the effects of the tests are to be noted.

The Council then adjourned until the time of its regulr session on Monday evening.

The usual monthly reports of city officers were presented and approved. The reports of Clerk Plump and Marshal Christ show the total receipts of the month to have been $878.50, of which $783.50 was for water, $60 for water connections, $20 for sewer connections, and $7.50 for special permits. The report of Treasurer Towne shows the balances in the several funds to be as follows: library fund, $648.40; water extension fund, $13,034.16; general fund, $6,966.14. The expenditures from the general fund amounted to $2,039.70, and from the library fund, $93.60.

Thomas Hind requested that a sewer be laid on Harrison street westerly from the County Road to relieve the present unsanitary conditions in the vicinity of his residence. It was explained that for lack of sewers the sewerage of the district now largely emptied into the creek, resulting in a condition dangerous to the city. The sentiment of the Council was that sewer extensions—especially in the new portion of the city, which is not taxed on account of the bonds—should be paid by the abutting property. As the present case appeared to be of too urgent a nature to permit of the delay necessary for formal legal proceedure, the Street Superintendent was directed to lay a 6-inch sewer in the block, and the Clerk to present bills for the proportionate cost to the property owners.

Two bids were presented for furnishing 300 tons of crushed rock for street repair purposes. The E. B. & A. L. Stone Co. presented a bid of $1.15 per ton, but failed to accompany the bid with either the required sample or guarantee check. A. Hess had in a bid of $1.10 a ton, and besides having the lowest bid was Johny-on-the-spot with his sack of samples and check, and secured the contract.

The map of H. D. McGarveys Portola Addition was presented and accepted.

Ordinance No. 83, the ordinance to prohibit ticket scalping was adopted.

Chairman Merrill reported that apparently there would be little difficulty in securing a permit from the War Department for the proposed bridge at the foot of East Bradford street. He volunteered to secure the necessary sketches, and on motion of Trustee Rice the Chairman and Clerk were authorized to make the necessary application for a permit for the bridge.

REMINISCENSES OF OUR PIONEER DAYS

Gleanings From the Records Left By Men Who Laid the Foundation of Our County.

HAPPENINGS OF 1864 AND 1865

Officers Installed In Local Masonic Lodge---Young Lad Dragged To Death by Mule.

With the last issue of the Gazette for the year 1864 Charles N. Fox, who had been in charge of the editorial department of the paper nearly all of the time since its first publication, laid down his duties and bid farewell to newspaper work. During the greater portion of the last year Mr. Fox had been out of town, and he now found that his legal business required his entire attention. He was succeeded by George W. Fox, who remained with the paper but a few months, finally surrendering the entire charge of the paper to David Downer, the remaining proprietor.

On the 18th of December, 1864, the officers of San Mateo Lodge (now known as Redwood City Lodge), Free and Accepted Masons, were installed as follows: T. W. Lathrop, worshipful master; S. H. Cook, senior warden; William A. Clark, junior warden; D. W. Aldrich, treasurer; John Donnelly, secretary; Andrew Teague, senior deacon; Joshua L. Snow, junior deacon; C. A. Murray and C. S. Harmon, stewards; Seigmund Bornstein, tyler.

That the habit of kicking at the Railroad and its management was formed early in the history of that valuable means of transportation is shown by a short fling published in the Gazette of February 4th, 1865, within a little more than a year after it had commenced operation. Under the caption of "Joy to the World," the paper had this to say: "Our citizens must be delighted at the extensive repairs going on upon the railroad. As regularly as a storm occurs, two drenched and muddy individuals may be seen approaching the depot, one with a bunch of shingles and the other with a pick and spade. The two, with the most businesslike air imaginable, proceed to pry up and insert a shingle under the end of the ties in front of the depot, when having REPAIRED THE RAILROAD, they depart with a supreme air of satisfaction. May they rest in peace."

During the early portion of February the Grand Jury was in session, completing its labors on the 8th and submitting its final report. From a perusal of this report it might well be inferred that the county jail was not the only public building at which these inquisitorial bodies might take a fling, and that the Courthouse was not altogether in the most satisfactory condition. Through their foreman, W. F. Rowe, the members of the grand jury completed their findings with the following kick: "The members of the grand jury feel rejoiced that they are not compelled by force of business to remain any longer in this frigid and uncomfortable room, which we consider as the most unhospitable and uninviting apartment, as regards comfort and convenience that human beings should be confined in, except for crimes commited." Seven indictments for felonies were returned by this grand jury, one for murder, two for grand larceny, three for assault with a deadly weapon, and one for obtaining money under false pretenses.

On the afternoon of February 27th, David J., the eldest son of David Jenkins, one of the best known of the pioneer residents of the county, was killed by being draged over a rough pasture by a mule. The boy, who was just past 16 years of age, was sent by his father to catch the mule and bring him in from the pasture. The lad had no difficulty in capturing the mule, but as he started to lead him, the animal showed its nature and became stubborn. In his attempts to force the animal to follow, the boy tied the rope around his body. Something frightened the mule and he started on a keen run, dragging his captor with him. Before the boy could be rescued by those who witnessed the catastrophy, life had been crushed out of him.

Change in Registry Rate.

WASHINGTON, Sept. 13—Postmaster-General Hitchcock to-day signed an order inceasing thre fees for registration of mail from 8 to 10 cents to take effect November 1, 1909. This action followed the reccomendation of the committee now investigating the registry service and is in accord with the views of registry experts recently in conference in Washington.

The order increases the maximum indemnity paid to the owner of a lost or rifled registered letter from $25 to $50. The Postmaster-General says this is the first move toward making the postal service selfsustaining. The registry system is now conducted at a loss. The conntemplated features include the establishment of a parcel registration system with a 5-cent fee and small indemnity and a preferred class of registered matter of high value, with increases in the fee and indemnity up to 20 cennts and $160, the limits fixed by law.

COUNTY TAX RATE SET BY SUPERVISORS

Burden of Taxpayer Reduced by One Cent from Rate of Present Year.

SAN GREGORIO MAKES PROTEST

Citizens Enter Strong Opposition to Condemnation of Property for Road Purposes.

The board of supervisors met in regular sesion last Monday. All members were present.

The tax rate for the fiscal year was fixed at $1.65 on the $100 as against $1.66 levied last year

The United Gas and Electric Company was granted permission to excavate the County Road from Menlo to the San Francisquito Creek and on the county road at Burlingame.

Bertha Behre, an indigent person of Vista Grande was allowed aid in the sum of $8 per month.

A comunication was read from Geo. W Lovie asking for a share of the insurance on the new court house and same was orderd filed.

A communication was received from Public Administrator Plymire reporting the disposition of the effects of certain deceased persons. The same was accepted and ordered filed.

The following bids were offered for constructing a concrete bridge across the creek near what is known as the Coon place on the road leading from Menlo Park to Portola in the Third road district:

John Savage, $5750; extra concrete, $9 per yard; to be completed in 60 days.

Chas. P. Nott, $7450, extra concrete $8; to be compelted in 75 days.

Peninsula Construction Company, $5550, extra concrete, $10; to be completed in 60 days.

T. C. Rice, $5800, extra concrete, $10; to be completed in 60 days.

C. Coghill, $5950.

Harry B. Morey, $6290, extra concrete, $9.50; 60 days.

Western Engineering and Construction Company, $9963, extra concrete, $11.

The contract was awarded to the Peninsula Construction Co.

A communicationn was received from the State Board of Equalization stating that the state tax rate had been fixed at 33.4 cents on the $100.

A communication was read from the San Mateo school trustees asking that $5000 be raised by a special tax for needed repairs.

Geo. W Hall addressed the board saying that money was needed and ought to be raised.

Superintenndent of Schools Roy W. Cloud aslo appeared and approved of the sum being raised. District Attorney Bullock advised that the application could be acted upon.It was received too late for the Auditor's estimate. Further action was deferred until the afternoon.

A protest was read signed by the people of San Gregorio protesting against the board's proposed action to condemn certain property for a right of way for a road leading toLa Honda.

Blackburn said that in as much as the proposed change did away with two angles in the road the change was necessary Geo. C. Ross, who represented several tax payers in that vicinity, pointed out that the law suit would be expensive and doubted if it would bring relief. He said a good right of way would be given the county without any cost.

The district attorney stated that the county would have to show in its suit that the property proposed to be condemned was absolutely necessary for public use. In answer to which Blackburn stated that the proposed changes would bring the road out on the main county road at a point directly opposite to that from which it is proposed to build down to the beach, also by condemnation proceedings.

McEvoy thought that the board as a whole should investigate the matter and that perhaps some amicable adjustment might be arrived at. The board agreed to visit San Gregorio on Wednesday together with Mr. Ross and District Attorney Bullock. No further action was taken on the protest.

F. A Smack was granted permission to excavate the county road at Vista Grannde to lay gas mains.

This being the day set by law for fixing the tax rate for the fiscal year the Auditor's estimate was taken up and difscussed item by item.

It was all adopted except that calling for a special rate of $1.60 for the erection of a high school building at Halfmoon Bay. Albert Mansfield represented the district and urged the board to fix the rate saying that the sum of $34,000 was needed to buy land and erect a suitable structure Joseph Debenedetti addressed the board in opposition. He explained that there were only 10 children prepared to enter the school and that a building at this time was not necessary. Geo. C Ross called attention to the fact that the San Mateo and Redwood high schools occupied temporary quarters when they were first organized. Mr. Ross made a strong argument in opposition to the proposed tax rate. Others spoke against the proposed measure. On motion of Frances the Auditor's estimate of $1.60 was rejected.

The following was the rate fixed:

Visiting Supervisors See Roads.

The members of the board of Supervisors of the County of Santa Cruz were here Thursday to inspect the roads of the county. The visitors were taken in hand by Sheriff Chat ham and Hall C. Ross. They were driven in automobiles over all the new roads. The piece of road built for experiment by the town near the vegetable garden north of town was gone over but it did not meet with the approbation of the solons. The highway built by Coleman from the Finger bridge to Belmont seemed to please the visitors who highly commended the road, however they thought that a coating of oil would improve it. The supervisors were pleased with the roads of the county.

Palo Alto High Wants Pay.

The trustees of the Palo Alto High School have made a ruling whereby all pupils coming from other districts are to be charged $75 per term. This will affect many who are attending from this place. The trustees figure that it costs the district $90 per pupil a year and as $15 is paid by the state they feel that the remaining $75 should be paid by those attendinng the school outside of the district. We believe the trustees are justified in this action in view of the fact that there is an excellent highschool in this district for which the taxpayers provide liberally, and it should be well attended in order to give it a good standing with the other high schools of the state.

Mrs. Elkins and her young daughter, MissMarie Louise Elkins, departed for their home in Philadelphia last Sunday. They will not return until late next fall. Miss Elkins will graduate next June and will then go abroad. They will meet Felton Elkins in Paris and after making a tour of Europe will return to America. It is possible that Mrs Elkins will make her permanent home here. Her son Felton is now making a tour of the world and will complete his travels in Europe next year. Mrs Elkins cherishes a fondness for Menlo Park, the home of her childhood, and this may be her future abiding place. It is earnestly hoped so for she has many friends in rthis community.

Fitzgerald to Lead Natives.

At a meeting of the Portola Committee held in San Francisco during the week James E. Fitzgerald was selected to be grand marshal of the Native Sons and Daughters for the big Portola parade to be held inSan Francisco next month. He was the unanimous choice of the committee that recognized his ability as shown in the way he managed the great parade on Admission Day at San Jose. He was highly complimented on that occasion for his perfect discipline and the manner in which every detail was carried out. The Native Sons are to lead the big parade in San Francisco which is to be the largest in the history of the City. Mr. Fitzgerald will at once select his staff officers. He has already appointed as his aid from San Mateo County, the popular sheriff, Robert S. Chatham of Redwood City.

To Consider Light Problem.

It is more than likely the streets will be in darkness this winter unless the people provide some means to light them. Heretofore the streets have been lighted by private subscription but of late the collector finds it impossible to gather any more money and his thrown up his job in disgust. This is a sad plight in an enlightened and progressive communnity that boasts of refinement and culture and can't provide a few lights to brighten the highways. The northern end of the county, that is populated by poor people, have established lighting districts and for miles there the streets will be free from darkness. They invite homeseekers to dwell with them, we try to discourage them. This paper has from time to time suggested the formation of a lighting district but the citizens have taken no notice. This apparent apathy cannot be accounted for except that [illegible] erty owners are try[illegible] trend of the population [illegible] locality. This community must go and cannot longer be retarded in its progress by a few moss backs who would be willing to live all their lives in darkness if it would be any monetary gain to them. There seems to be no civic pride among the people, no spirit to advance and no desire to boost or shout the praises of the beauties of this favored locality. It is about time to wake up from our Rip Van Winkle sleep and do something to beautify the town. A meeting will be held in Duff and Doyle Hall Wednesday evening to discuss the matter of forming a lighting district. Let it be hoped that every property owner will be present and debate this question. He who fails to attend will fail in his duty to the place he calls home.

Roche, Nellie McCarthy, Annie Lenehan and Annie Moriarty. At the shooting gallery Captain John Morey presided and the usual crowd of sharp shooters was in evidence, and Joseph Kelly's persuasive eloquence drew hundreds to the Punch and Judy show managed by David Roche and Howard Crane. Honor Birthday Anniversary.

Mrs. C. Groner was the recipient of a veay pleasant surprise at the hands of a party of her sister members of George S Evans Womens Relief Corps Friday evening, in honor of the 70th anniversary of her birth. To make certain of her presence, Mr. Groner had been detained at her home, on Hamilton street, by one of the members of the party under the pretext of an early evening call, and that the affair had been kept as a complete secret though intrusted to more than a score of women, was eveidenced by the astonishment depicted upon her cheery countenance when she was called to the door in answer to a summons from the main party of conspirators. Mrs. Groner soon recovered from her astonishment, and made her callers welcome. A very pleasant evening was spent with card playing and social converse, followed by the service of refreshments. As the birthday of the hostess did not actually occur until Saturday, the most pleasant feature of the evening was preserved to the last. Just after the clock had chimed the hour of midnight, Mrs. Mamie Glennan, as the spokesman of the party, presented Mrs. Groner with a handsome silver card tray, appropriately engraved as a souvenir of the occasion. Those composing the party were:

"IN A BAD WAY"

Many a Redwood City Reader Will Feel Grateful for This Information.

When your back gives out;
Becomes lame, weak or aching;
When urinary troubles set in,
Your kidneys are "in a bad way."
Doan's Kidney Pills will cure you.
Here is local evidence to prove it:

Matthew Hedge, 701 Arguello st., Redwood City, Cal., says: "From my experience with Doan's Kidney Pills, I know them to be a remedy that lives up to representations. I had pains in my left hip, descending at times into my thigh and the calf of my left leg. A soreness was also present across my kidneys, causing me great discomfort. I knew that my suffering was due to sciatic rheumatism caused by my kidneys failing to remove the uric poison from my system. I heard of Doan's Kidney Pills as a fine remedy for kidney trouble and I accordingly procured a box at P. A. Byan's drug store. I used this remedy according to directions and in view of the benefit I recieved, I have great faith in it."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.
